

### 2014 Health promotion initiatives

During 2014, our Middle East region has organised a number of health promotion initiatives to focus on the welfare of our employees.

May and June 2014 – Abu Dhabi Office and Ruwais Camp.

The Medical Camp was jointly conducted by Cape and Universal Hospital and involved health checks, ECG, sugar levels and consultation with the doctors. If appropriate, arrangements were also made for consultations with other doctors at Universal Hospital. At the same event training on alcohol, smoking and drug abuse was also provided, to raise awareness of these issues.

August 2014 – Simaisima, a new camp in Qatar

The event was run in conjunction with Lifeline Medical Centre – Al Khor, who is one of our medical providers. This campaign comprised of health awareness session and included various health checks such as blood pressure checks, blood sugar levels, lung function tests, ECG, PFT, wound dressing as well as consultations with doctors. The clinic was attended by almost 250 employees. To help increase education and awareness there was a presentation from one of the doctors covering diabetes.

#### Our services include:

- ▶ Access systems
- ▶ Insulation
- ▶ Specialist coatings & fireproofing
- ▶ Engineering services
- ▶ Oil, liquids and gas bulk storage
- ▶ Refractory linings
- ▶ Environmental services
- ▶ Design and engineering
- ▶ Asset integrity
